

# HAVE A HEART 2018

Dear Friends,

Annunciation School recently celebrated Catholic Schools Week, an annual celebration of the ministry of Catholic education. The theme of this year’s celebration, “Catholic Schools: Learn, Serve, Lead, Succeed,” encompasses the core qualities and values that can be found in Catholic schools across the country. At Annunciation School, we are teaching students to become future service-oriented leaders, faith-filled disciples, and enriched citizens in our communities. These shared qualities are what make Catholic schools work. They are what make Catholic schools succeed.

As you know, a Catholic school education is an investment. However, not all parents or grandparents in our parish and surrounding community can afford to pay the entire cost of tuition for their children. In an effort to keep Catholic education a possibility for all who wish to participate, the Parent Teacher Organization and the School Advisory Committee established a “Have A Heart” campaign for tuition assistance. Each February, the “Have-a-Heart” campaign has been met with great success, generating an average of \$25,000 annually. This revenue, supplemented by other donations and grants, has gone directly to our families who qualify for tuition assistance, thus enabling us to keep Catholic education a possibility for many in our community. It also allows us to serve and enjoy a student body rich in socio-economic diversity.

Last year, fifteen school families were provided assistance through our “Have a Heart” program. When we all work together to educate our children, we are one step closer to creating a world of good. Any thought, prayer, or donation that your family can contribute to this worthy cause is much appreciated. Your donation is tax deductible.
